AB 1511 as amended in Senate August 21, 2024
 (Pursuant to Joint Rule 26.5)

AB 1511, as it passed the Assembly, created the Ethnic Media Program in the Governor's Office of Business and Economic Development, known as "GO-Biz," led by a director, to help state departments integrate ethnic media into their public outreach and engagement strategies, as specified. AB 1511, as it passed the Assembly, required GO-Biz, in administering the program, to develop and maintain an ethnic media database, conduct education and outreach campaigns, cultivate relationships with ethnic media outlets, and advise state departments on ethnic media integration strategies, subject to appropriation by the Legislature. AB 1511, as it passed the Assembly, authorized the director to make regulations that are reasonably necessary to further the purposes of the program, and required the director, or their designee, to submit a specified report to the Legislature with prescribed information relating to, among other things, coverage and translation of ethnic media, as provided.

The Senate amendments, instead, require the Office of Community Partnerships and Strategic Communications to assist state agencies and departments in marketing, advertising, and outreach to certain priority populations, as defined. AB 2922 as amended in Senate July 3, 2024
(Pursuant to Joint Rule 26.5)

AB 2922, as it passed the Assembly, reestablished an authorization, until January 1, 2035, for a county, city and county, or city to establish a capital investment incentive program, pursuant to which the county, city and county, or city is authorized to pay, upon request, a capital investment incentive amount that does not exceed the amount of property tax derived from that portion of the assessed value of a qualified manufacturing facility, as defined, that exceeds \$150,000,000 to a proponent of a qualified manufacturing facility for up to 15 years. AB 2922, as it passed the Assembly, made conforming changes and declared that the bill would take effect immediately as an urgency statute.

The Senate amendments additionally authorize the above-described capital investment incentive program for proponents of a qualified manufacturing facility with an assessed value that exceeds \$25,000,000 and would include additional requirements for the above-described job creation plan for these proponents.

AB 52 as amended in Senate August 15, 2024

(Pursuant to Joint Rule 26.5)

AB 52, as it passed the Assembly, allowed, for a taxable year beginning on or after January 1, 2024, and before January 1, 2029, a credit against the taxes imposed by the Personal Income Tax Law and the Corporation Tax Law to a taxpayer in an amount equal to the amount of use tax or tax reimbursement paid during the taxable year for sales tax on gross receipts that would be exempt from taxation under the Sales and Use Tax Law pursuant to a certain exemption related to manufacturing or research and development but for a provision that prohibits that exemption from applying with respect to any tax levied by a county, city, or district pursuant to, or in accordance with, the Bradley-Burns Uniform Local Sales and Use Tax Law or the Transactions and Use Tax Law, sales and use taxes imposed pursuant to certain provisions of the Sales and Use Tax Law, and sales and use taxes imposed pursuant to certain provisions of the California Constitution.

The Senate amendments instead allow those credits for a taxable year beginning on or after January 1, 2025, and before January 1, 2030, require, on or before May 14, 2025, and annually thereafter, the Department of Finance to provide to the legislative budget committees an estimate of the amount of revenue that would not be realized if the credits described above were allowed for that taxable year and provide that those credits are allowed only for taxable years for which the Legislature appropriates money in the Budget Act for the administration of those credits.

AB 347 as amended in Senate August 23, 2024

(Pursuant to Joint Rule 26.5)

AB 347, as it passed the Assembly, required the Department of Toxic Substances Control to enforce and ensure compliance with existing prohibitions on the use of perfluoroalkyl and polyfluoroalkyl substances (PFAS) in juvenile products and food packaging. AB 347, as it passed the Assembly, required the department to test juvenile products and food packaging for PFAS and authorized the department to assess administrative fines against manufacturers of products found to be in violation of one of these PFAS prohibitions. AB 347, as it passed the Assembly, authorized the department to adopt guidelines regarding these PFAS prohibitions.

The Senate amendments instead require the department to adopt regulations for the enforcement of existing prohibitions on PFAS in juvenile products, textile articles, and food packaging. The Senate amendments require manufacturers of these products to register with the department, pay a registration fee to the department, and provide a statement indicating compliance with the applicable PFAS prohibitions. The Senate amendments authorize the department to test products for compliance with the PFAS prohibitions and to assess administrative penalties for violations. The Senate amendments require the department to submit a report to the Legislature regarding its related compliance and enforcement activities.

(Pursuant to Joint Rule 26.5)

AB 359, as it passed the Assembly, deleted the prohibition on a community college district providing physical education course opportunities to high school pupils pursuant to a College and Career Access Pathways (CCAP) partnership.

The Senate amendments restore that prohibition.

AB 359, as it passed the Assembly, authorized a community college district to enter into a supplemental CCAP partnership with the governing board of a school district, a county office of education, or the governing body of a charter school within the service area of another community college district under certain circumstances.

The Senate amendments delete those provisions related to a community college district entering into a supplemental CCAP partnership.

The Senate amendments also eliminate the 4 community college courses per term limit for a special part-time student enrolling in up to 15 units under a CCAP partnership agreement.

(Pursuant to Joint Rule 26.5)

AB 1826, as it passed the Assembly, among other things, renamed the Digital Infrastructure and Video Competition Act of 2006 as the Digital Equity in Video Franchising Act of 2024. AB 1826, as it passed the Assembly, required a holder, defined as a person or group of persons that has been issued a state franchise from the commission pursuant to the act, that is seeking renewal of its state franchise to, among other things, undergo an evaluation by the Public Utilities Commission. AB 1826, as it passed the Assembly, required the commission to convene public hearings in the franchise service area of a state video franchise that is being considered for renewal.

The Senate amendments, among other things, instead rename the act the Digital Infrastructure and Video Competition Act of 2024. The Senate amendments delete the requirement that a holder seeking renewal of its state franchise undergo an evaluation by the commission and revise and recast the public hearing requirements to, among other things, require the commission to hold at least one public hearing on an application for a state franchise and 2 public hearings before approving a holder's application for renewal.

AB 2488 as amended in Senate August 5, 2024
 (Pursuant to Joint Rule 26.5)

AB 2488, as it passed the Assembly, authorized the City and County of San Francisco to designate a downtown revitalization and economic recovery financing district for the purpose of financing office-to-residential conversion projects with incremental tax revenues generated by office-to-residential conversion projects within the district. AB 2488, as it passed the Assembly, required the boundaries of the district to be contiguous with the boundaries of the City and County of San Francisco.

The Senate amendments instead require the boundaries of the district to be limited to downtown San Francisco, as defined. The Senate amendments require the district to comply with annual public hearing and reporting requirements, as specified.

AB 2488, as it passed the Assembly, exempted the first 3,000,000 square fee of opted-in office-to-residential conversion projects from being subject to specified affordability requirements.

The Senate amendments instead exempt the first 1,500,000 square fee of opted-in office-to-residential conversion projects from being subject to specified affordability requirements.

AB 2488, as it passed the Assembly, required each individual office-to-residential conversion project to receive an annual allocation on a pay-go basis in the amount equal to the amount of incremental tax revenues generated by the project for a maximum of 30 years or until the district ceases to exist, whichever occurs first.

The Senate amendments instead require each individual office-to-residential conversion project to receive an annual allocation on a pay-go basis in an amount no

 Aug. 5—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 2570 without my signature. This bill would require the Department of Housing and Community Development to conduct an annual evaluation of the Homeless Housing, Assistance and Prevention program (HHAP) and include that information in the Department's annual report.

I support increasing transparency and accountability for cities and counties' use of state funding to address homelessness. Earlier this year, I directed California's Housing Accountability Unit to increase its oversight and enforcement of existing housing laws to address homelessness. Additionally, the recently adopted 2024 Budget includes statutory language that requires more frequent reporting by HHAP grantees on their expenditures, corrective action plans for grantees not meeting specified performance measures, and maintenance of compliant Housing Elements prior to receiving additional HHAP funding.

This bill is redundant to these efforts and creates an unnecessary ongoing workload for the Department without providing additional accountability or transparency to taxpayers.

For these reasons, I cannot sign this bill.

Sincerely,

Gavin Newsom

To the Members of the California State Assembly:

I am returning Assembly Bill 2708 without my signature.

This bill requires the California Department of Technology (CDT) to annually report new specified information about the cost and estimated completion date of the Middle Mile Broadband Initiative (MMBI).

My Administration values its continued partnership with the Legislature to develop the largest open-access and publicly-owned broadband middle-mile network in the country. Investments in future-proof infrastructure, such as the MMBI, will further enable high-speed broadband service access to all Californians. The recently adopted 2024–25 Budget augmented funding for the MMBI and codified new and additional oversight and reporting requirements on CDT for the development and operation of the MMBI. This bill is redundant to these efforts and creates an unnecessary ongoing workload for CDT without providing additional accountability or transparency to taxpayers.

For this reason, I cannot sign this bill.

Sincerely,

Gavin Newsom

Aug. 5—Consideration of Governor's veto pending. **Legislature has 60 calendar days, not including periods of joint recess, to consider Governor's veto (J.R. 58.5).** Shall this bill become a law notwithstanding the objections of the Governor?

To the Members of the California State Assembly:

I am returning Assembly Bill 1272 without my signature.

The bill would require the State Water Resources Control Board, in consultation with the Department of Fish and Wildlife, to adopt principles and guidelines for diversion and use of water in certain coastal watersheds during times of water shortage for drought preparedness and climate resiliency.

While I support efforts to protect coastal watersheds from the extreme dry conditions exacerbated by climate change, this bill creates significant, ongoing costs in the millions of dollars that should be considered in the annual budget process.

In partnership with the Legislature, we enacted a budget that closes a \$46.8 billion deficit in 2024–25 and a projected deficit of \$27.3 billion in 2025–26 through balanced solutions that avoided deep program cuts to vital services and protected investments in education, health care, climate, public safety, housing, and social service programs that millions of Californians rely on. It is important to remain disciplined when considering bills with significant fiscal implications that are not included in the budget, such as this measure.

For this reason, I cannot sign this bill.

Sincerely,

Gavin Newsom
